- Township Operations
- Sustainability
- Planning for Growth
- Staying Active

Plumstead Township is updating its Comprehensive Plan and we need your input!

The Township's Comprehensive Plan (last updated in 2011) is an official document that serves as a guide to land use decision making.

How will this Workshop be different than Workshops 1A/1B and 2?

The goal of Workshops 1A/1B was to **identify issues** important to Plumstead residents. During Workshop 2, we transitioned to a **visioning phase** where issues were pinpointed on a series of maps.

Workshop 3 will focus on **evaluating vision statements and strategies** that move the Township toward those visions. Subject matter experts will be enlisted to guide discussion.
