Summer Camp 2024

Back by demand for a 5th year! Maybe you're a seasoned performer, or maybe you're just getting started. Maybe you've never performed for an audience before, but you're curious and want to give it a try. Whatever your level of experience, we will meet you where you are comfortable, and work with you on material that will encourage, inspire and challenge you in a fun, supportive environment. Join us for this one-week theatre training camp that culminates in a performance for family and friends on the last day. One on one training and group exercises in audition prep, monologues, scene work, improv and musical theatre (even for the non-singer) for students entering 7th-12th grade. Space is limited and this camp will sell out!
